

The MINI-COMBO offers a sleek & modern LED Exit sign/Emergency Light Combo, with long lasting LED adjustable heads.

FEATURES

- Commercial LED Exit/Emergency Combination sign
- Dual Voltage 120/277 VAC
- Snap Design for Quick Install
- Available with Self Diagnostic
- Available with Remote Capability
- Ceiling, End, or Back Mount
- Canopy kit included
- California Energy Commission (CEC) Compliant
- **Universal Stencil Single or Double Face Standard**
- Directional Chevron Snapouts
- White Finish
- Flame-Retardant, High-Impact, Thermoplastic Housing
- Indirect Placement for Diffused Legend Output
- Suitable for Damp Locations
- **MINI-COMBO-SD-RC is standard with HO heads**
- **MINI-COMBO-SD-RC must be used with Remote Heads in order for Test Switch to function properly. Otherwise if using without Remote Heads, you must cut the power in order to test the fixture. It is recommended NOT to use the RC feature if you are not pairing the MINI-COMBO with Remote Heads.**
