

Charging Time: 8 hours for 1.5H solution, 12 hours for 3H solution.

Microwave sensor part
long distance sensor(5-8m), sensor time (30-120s), sensor power (0/3W)

PC Cover
Imported Japan Teijin PC cover, high transmittance, dustproof, 240 degree beam angle and 140℃ high temperature resistance

Housing material
full PC housing material, anti-corrosion, safety and stability

End caps
two types end caps are available - G13 end cap & integrated

LED Chip
Imported Taiwan SMD2835 led chip, high lumen output, high CRI, low heat and long life span
